Philip Tedeschi, LCSW MSSW

Clinical Professor,  
Graduate School of Social Work,  
University of Denver

Founder and Director Emeritus,  
Institute for Human-Animal Connection,  
University of Denver

Philip Tedeschi is the Director Emeritus and Founder of the Institute for Human-Animal Connection and a clinical professor at the Graduate School of Social Work and an affiliated faculty with the University of Denver's Animal Law Program. He teaches in the Human-Animal-Environmental Interaction Certificate for Master of Social Work students, examining the intricate relationship between people, domestic and wild animals, and the natural world. Tedeschi's research, scholarship, teaching and community practice work have focused on issues of social and interspecies justice, global perspectives of human-animal interactions, conservation social work and human ecology. He specializes in the bio-affiliative connection between people and animals, the health promoting potential of human-animal and nature interaction, trauma informed care and causes of violence including assessment and intervention with cruelty to people and other animals.
